Thanks for your response, what I need is more of a personal request. I need you to please purchase some Amazon pay Gift cards for me. There are some prospects that I need to send these to but I haven't been able to get them myself as I am stuck in the Hospital with a relative having symptoms of Covid-19 and I don't have any of my cards with me. Let me know if its possible to get them for me right now so I can give further details I'll reimburse you.
